Dear Rebecca,

Thank you for representing us, on both the selling and buying side of our recent house transaction. The experience with you and your staff was very positive, and your professionalism and positive attitude helped us to quickly and profitably sell our home, and helped us to buy our new home in a very competitive market.

On the sales side, your pre-sales, marketing analysis, as well as your understanding of our goals, helped us to accurately and competitively price our home for a quick sale! Also your suggestions on how we should stage our home for sale, all played an important role in maximizing our selling price. I knew that we'd sell our home quickly, but didn't anticipate that we'd sell it before it even was listed!

Your ability to negotiate also played a crucial role in our home buying process – even though our first two offers were not accepted, you kept us motivated in the buying process, and in the end, we got the best house of all the properties we looked at.

Also you and your team's communication during each phase of the closing helped us to stay on track and close ahead of schedule.

Thanks again for making the buying and selling process much easier than we expected. Would I recommend Team Reba – definitely yes, and your potential clients can contact me for more information!
