This much loved home has re-invented itself for each of the decades since it was built, eventually becoming the lovely home that it is today. With 4 bedrooms, living room, family room, dining area, and a detached spa room out back there is plenty of room to spread out! The master bedroom has an in-suite 3/4 bathroom and walk-in closet combined. Refinished fir floors, new vinyl, newer carpet and updated paint in many rooms are just a few of the recent cosmetic updates. More details that require you to come on in and view this wonderful home and make it yours.

You'll love it here.... Welcome home!
